

# Quality Policy

Cambodia Airports is committed to constantly implement, monitor and improve a Quality Management System under the responsibility of its Secretary General.

## Cambodia Airports' specific commitments are:

Ensure the compatibility of its internal operations and processes with the corresponding regulations

Satisfy all parties by meeting or exceeding their applicable requirements

Ensure the satisfaction of customers by constantly assessing their needs

Determine and address the risk and opportunities of its services

Include the QMS requirements in all the dimensions of its business processes

Implement a Quality Assurance program, both at HQ and BU levels

Ensure the availability of human and material resources permitting the implementation of the QMS

Have a Quality, Health, Safety & Environment (QHSE) team in charge of the QMS, under the direct supervision of the Accountable Executive
