

JOB OPPORTUNITY

Cambodia Airports develops and manages Cambodia's network of international airports located in Phnom Penh, Siem Reap, and Sihanoukville. Its teams plan and design the development of airport infrastructure, build and maintain the facilities, handle commercial activities and provides services to stakeholders, including The Royal Government of Cambodia, passengers, airlines, and tenants.

Since its inception in 1995, Cambodia Airports has generated immense economic and social benefits for Cambodia by connecting the country to the world. Its leadership in airport development and operations translates in advanced working environment, staff benefit, and Corporate Social Responsibility policies.

Currently, we are seeking potential candidates to fill the positions of Junior Technician at one of the 3 international airports.
